

B.P CHALIHA COLLEGE, NAGARBERA

INTERNAL QUALITY ASSURANCE CELL
(IQAC)

ANNUAL REPORT
Session: 2022-23

Brief Profile of the College:

- (i) **Name and address of the college** : **B. P. Chaliha College**
College Road, PO. Nagarbera, Dist. Kamrup
PIN: 781127, Assam
- (ii) **Year of Establishment** : 1972
- (iii) **Website** : www.bpchalihacollege.org.in
- (iv) **Institutional Status** : Provincialized
- (v) **Award and Recognition** : Accredited with 'C++' Grade (CGPA: 2.28) by NAAC in 2004 and reaccredited with 'B' grade (CGPA: 2.28) in 2016.
- (v) **Nos. of Academic Programmes offered**
- UG :
 - BA
 - BSc
 - B Com

About the College:

B. P. Chaliha College, Nagarbera was born in an auspicious moment in the year 1972 in the sylvan setting of Nagarbera embraced by the sweet flowing river **Jaljali** on the eastern side and a vast expanse of green field on the western side. The College was aptly named after the Ex-Chief Minister **Late Bimala Prasad Chaliha**, an illustrious son and an architect of modern Assam. The College is situated on the south west corner of Kamrup district, presently extending its grasp over two other neighbouring districts- Barpeta and Goalpara. In addition to catering to the need of higher education in Kamrup district, it also promotes knowledge and skill among the vast mass of socio-economically disadvantaged people of greater Nagarbera area. The College strives to achieve excellence in every possible human endeavour.

The place Nagarbera occupies a unique space in the rich and myriad cultural heritage of Assam history from the days of Ahom King **Gauri Nath Singha**. The huge rectangular tank of Pukhuripara village, Nagarbera is a living testimony of this fact which is only a quarter km. away from this College. However, post independent socio-economic picture of Nagarbera area was dismal on many counts. There are drawbacks in communication, transportation as well as the conspicuous absence of adequate institutions to provide Higher Education to poor and needy students. With a view to remove these difficulties and to provide quality education to the students of this vast area, B. P. Chaliha College was set up on 26th August, 1972. The

indomitable courage and a sense of total sacrifice, dedication and strong determination of thousands of poor and deprived people of greater Nagarbera area finally saw their dream coming true with the birth of B. P. Chaliha College. With the active initiation of **Late Krishnakanta Sarma**, the then Headmaster of Nagarbera High School and the unflinching support of the local populace the College saw its light in the serene atmosphere of Nagarbera High School. In this regard, contribution of **Nagarbera Mouza Committee** needs special mention for their pioneering role in making this institution a reality. Due credit must be given to **Late Prabin Kr. Choudhury**, Ex-Transport Minister of Assam for his unstinted support for this cause. This infant institution started its journey towards eternity with only 135 students and 6 lecturers stewarded by its founder Principal **Late Deba Prasad Saikia**.

The College was brought under Grant-in-Aid system on dated 01-09-1979. Another feather was added to its glory when Science stream was introduced in the year 1985. The long-cherished dream of fostering scientific temper and facilitating higher education in Science faculty thus came true when the Science stream was put under deficit system of GIA on 11th January, 1996. At present the College is a full-fledged one with Arts and Science streams and offering B.A/B.Sc./B Com degree courses in seventeen different subjects at under graduate level. Except Computer Science, Sociology and Statistics all other departments are having major courses. Apart from catering to the usual learning programmes of both HS and UG level courses under AHSEC and GU respectively, arrangements are also made to impart vocational courses and Master Degree programme in different subjects like English, Assamese, History, Political Science, Education, Economics and Mathematics under **IDOL-GU**. Students from different locations are already appearing in examinations under the system. A study centre of **K. K. Handique State Open University (KKHSOU)** has been running in our College since 2007-08 which facilitates learning for Govt. service holder, employees of various categories along with the College and School drop outs. Provisions are made for their entry into various HS, UG and PG level programmes under the university. Students are continuously appearing and passing out the examinations with flying colours.

The College possesses a rich Library with reasonable collection of books, references, journals and newspapers in free of access and adequate accommodation for research and study. There are two **Women Hostels** in our College campus to provide accommodation to 60 girl students. It is worth noting that Digital class rooms, Internet, Wi-Fi, Fax facilities along with other modern technological appliances are also accessible to the students and staffs of the College.

Under the active leadership of the College authority, proper guidance of IQAC and dedicated teachers, office staff and dear students the greater family have been working ceaselessly to bring the College to a prestigious position by imparting proper and all-round higher education. The College prepares the students to face new challenges by imparting value based and skill education and creating scientific temper. It inculcates in students a global understanding in general and local importance in particular. Thus, the College creates awareness about the community, commitment for quality and excellence in Higher Education. The IQAC being the nodal academic agency monitors and regulates different activities of cells and committees like Career Guidance and Information Centre (CGIC), Teaching-learning Cell, Grievance Redressal Cell, Women Empowerment Cell, Sahitya Kanan, Literary Forum, Science Forum etc. to promote the intellectual development of students.

We acknowledge our gratitude to all concerned for whose sacrifice the College has become a legend in the academic scenario of Assam. The College has already been accredited with 'B' Grade by NAAC (National Assessment and Accreditation Council, Bangalore) in May, 2016 and now it is actively preparing for the third cycle of assessment.

Vision:

The vision of the college is to make it a plethoric centre of learning of higher education with the provision of scientific and systematic knowledge and skills for all traditional vis-à-vis modern courses of study required for social transformation and sustainable development which is characterised by social justice, inclusiveness and empowerment.

Mission:

The mission statement of Bimala Prashad Chaliha College, Nagarbera '*Tomoso Ma JyotirGamaya*' reflects the quest of the college to remove the darkness of ignorance and spread the light of knowledge.

The college has been working with the mission to impart quality higher education to all section of people of this greater region to create adequate opportunity for the easy exposure to the national mainstream. The college will strive for integrated development of intellectual, moral and cultural upliftment of students. It cherishes to foster the spirit of discipline and self-reliance among the youths to face the challenges of time.

Objectives:

- ❖ Impart value-based education to promote humanism and self-reliance.
- ❖ Foster scientific temper and creativity among the students.
- ❖ To promote national integration and international understandings in global perspective.
- ❖ To develop all-round personality of the students.
- ❖ To serve the society for a prosperous, sustainable and peaceful coexistence in all possible ways.
- ❖ To provide quality higher education to the students within and beyond the periphery of greater Nagarbera.
- ❖ To provide vocational and skill-based education to the students to combat the challenges of future efficiently.
- ❖ Impart education through modern ICT to encourage entrepreneurial quality.

Internal Quality Assurance Cell (IQAC):

In pursuance of quality maintenance in HE institutions, as it is mandated by the commission and affiliating authority (UGC and University), an Internal Quality Assurance Cell (IQAC) of B. P. Chaliha College, Nagarbera was formed on **03/08/ 2002**. There is a core committee of IQAC along with seven criterion wise sub committees. For any assessment and subsequent accreditation with reference to a set of parameters, and to measure the standard of our institution compared to that of other similar institutions, IQAC has been working effectively. Under the umbrella of IQAC, few Committees, Sub-Committees and Cells have been formed for the smooth functioning of the institutional quality mechanisms. IQAC, B. P. Chaliha College, Nagarbera since its inception has been working in accordance of guideline issued by NAAC. In the month of January, 2004 the Self Study Report (SSR) was submitted to NAAC for the first cycle of assessment & accreditation of B. P. Chaliha College, Nagarbera. Accordingly, three members Peer Team of NAAC had visited our college on 6th & 7th October of 2004 under a very discomfoting situation of natural calamity. In the 1st cycle our college was accredited with C++ Grade (wef. 04/11/2004). Again the college had submitted the LOI to NAAC for 2nd Cycle on 21/05/2014. Subsequently updated all the pending Annual Quality Assurance Report (AQAR) till 2013-14 and finally submitted the Self-Study Report (SSR) to NAAC on 07/01/2015 and hardcopies on 03/02/2015 through speed post for the second cycle of assessment & accreditation of our college. Accordingly, three members Peer Team of NAAC visited our college during 27th – 29th April, 2016. This time our college was accredited with B Grade (wef. 25/05/2016).The role of Internal Quality Assurance Cell (IQAC) of an

institution is crucial in maintaining momentum of quality consciousness in the institution. NAAC and UGC assign the responsibility on IQAC for planning, guiding and monitoring Quality Assurance (QA) and Quality Enhancement (QE) activities of the institution. The Quality Indicators of different criteria determined by NAAC have been taken into consideration as the base to create Quality Radars and to make out milestones for the future. The AQARs had already been submitted upto 2021-22. At present, the IQAC has been working for 3rd cycle of accreditation other than normal IQAC activities.

SWOC Analysis of the College:

The IQAC of the college carried out a SWOC analysis. This SWOC analysis presented here is based on that report and the inputs given by the NAAC peer team during their visit in 2016 for reaccreditation of the college, and observing the present status of the college. The areas of strength, weaknesses, opportunities and challenges are identified as follows:

SWOC Analysis

Strength

- Competent faculties are appointed strictly on the basis of merit and proficiency.
- The college maintains a serene and creative atmosphere conducive to serious concentrations on learning and research.
- The college is free from politics and external political interference in its functioning. Elections to the student union are conducted in a free and fair manner every year.
- Members of the Governing Body include eminent and experienced academicians and administrators.
- The campus has the tradition for uninterrupted power and water supply.
- Eco-friendly living socially responsible citizenship is inculcated in the students through routine activities of NSS, Scout and Guide, Eco-club and other cells and sub-committees of the college.
- Strong and continuing networking with alumnae, parents and retired faculties through their respective organizations have contributed in a big way to the overall development of the college.
- The college provides hostel facility to the economically backward girls students in soft financial conditions.

- Despite recurrent floods during rainy seasons each year the college has made its own arrangement to tide over the crisis by resorting to the strategy of early warning and evacuation of its hostel borders. It also takes care to protect property and instruments of the college by timely action.
- The college is striving hard to set-up a B. Ed. Institution in near future.

Weakness

- The college does not possess a Boy's Hostel of its own due to the dearth of adequate land inside the college campus.
- The infrastructural facilities are to be augmented to accommodate the burgeoning number of students every year.
- Under graduate curriculum of the college provides less scope for serious research work.
- More faculty members are to be appointed in additional post for the smooth academic transaction.
- More non-teaching staffs are to be appointed for better management of the college.

Opportunities

- The very location of the college in a rural area entails the institution to introduce some courses in agriculture at UG level.
- The multi disciplinary nature of the college may be extended to next level and can create a better future ready graduates for the nation.
- The multi-ethnic structure of the locality could provide a good scope for research in language and culture.
- The setting up of a Biotech Hub and the Star College status scheme courtesy department of Bio-technology Govt. of India naturally create opportunity to develop life science not only from teaching point of view but also from research point of view.
- Upgrading the status of some departments of the college to PG department and research centers.
- The gender inequality has been completely done away with in the college by its very nature of being co-educational institutions.
- The college can be used as a skill development centre for the students and the local youths.
- Efforts should be made to introduce PG courses in different departments.

Challenges

- Number of working days is inadequate to complete the prescribed curriculum in Choice Based Credit and Semester System.
- To cope up with NEP-2020 motto for inadequate infrastructure.
- Being an affiliated college, the institution has limited autonomy to design, modify and execute the curriculum the way it is desired for the welfare of the students and community as a whole.
- The infrastructural as well as the laboratory facilities are to be developed and expanded which needs more financial supports from Govt. and NGO.
- The number of teaching faculty and support staffs is to be increased for greater efficiency and management of the college.
- An open air mini stadium inside the college campus is needed to give a big boost to sports and other extracurricular activities.

Recommendation of Last NAAC Peer Team-2016

NAAC is an external agency at national level to institute quality assurance and advancement in higher education sector in our country. Dedication towards quality is a self –realization process and our college takes the recommendations given by NAAC peer committee which visited in 2016 for reaccreditation as the base for achieving sustainability and augmentation in quality.

- 1) Research outlook of the faculty members should improve along with research publications
- 2) E-learning resources needs to be further enhanced. Library should be fully automated. More research books and journals should be added to the library
- 3) Use of ICT tools like Moodles may be used in day to day teaching- learning methods
- 4) Folklore Study Centre may be established
- 5) College should establish MOUs with research organizations
- 6) PG courses in Botany, Assamese and Political Science may be started
- 7) Undergraduate Commerce programme may be started
- 8) New course programme like B. Voc., COCs and skill development programmes can be initiated
- 9) Consultancy and collaborative research work should increase
- 10) College should develop the Institutional Development Plan
- 11) Research publications of the faculty members in humanities, social sciences and

languages should further be enhanced

12) Hostel facility for boys should be initiated

Infrastructure and facilities:

The Governing Body in consultation with other stakeholders of the college prepares and implement the policies of Infrastructural Development & Maintenance. The IQAC plays a crucial role in implementing the policies under the guidance of Principal and Secretary of the college. There is a Construction Committee and Purchase Committee constituted for new procurements and construction. The campus is safe and secured with 24hrs. CCTV surveillance. The infrastructure details of the college is given below:

B P Chaliha College is a co-educational higher educational institution imparting education in the undergraduate level in ARTS, SCIENCE and COMMERCE stream-both Major and Regular courses. At present the college has about 2000 students, 56 faculty members and 27 office staff. The college has the reputation of outstanding performance in academics, sports and co-curricular activities. In 2nd cycle the institution was accredited at B grade with an institutional CGPA of 2.28 by National Assessment and Accreditation Council (NAAC) in 2016.

CLASS ROOMS

The college has the sufficient number of well-ventilated 32nos. class rooms spanned over separate buildings with the facility of light, fan, furniture, white and green boards etc.

Teaching Staff

The faculty members are highly qualified, research oriented, professional and well trained. There are 22 M. Phil. and 18 Ph.D. holders. Many teachers are engaged in higher studies and research works. Some teachers have published papers, books and have obtained research support from U.G.C.

LIBRARY

The college has a well equipped library with a present stock of approximately 30000 volumes including text books, reference books, journals, research thesis etc. The library is under the process of complete automation. Internet facilities are available in the library for the benefit of the students and the teachers. Students can borrow books from the library against library cards. Other than central library all the departments have also their own libraries.

BOOK BANK

The college maintains a Book Bank for the benefit of needy students. Economically backward students are provided with text books from the Book Bank.

STUDENTS UNION

There is BPCCSU to introduce the students with Electoral literacy and democratic system. Every year elections are held among students to continue Bimala Prasad Chaliha College Students Union and through which the representatives got privileged to be a part of decentralization of college systems.

GIRLS' HOSTEL

Three nos. with 110 seating capacity in-campus Girls' Hostel is run under strict supervision of a resident warden. The hostel is well protected with CCTV surveillance.

COLLEGE CANTEEN

The college has a well maintained canteen to provide best quality food products inside the campus in reasonable rates.

NATIONAL CADET CORPS (NCC)

The NCC unit is the pride of the college. Every year a good number of students attend state level and national level camps. The unit earns laurels for the college.

NATIONAL SERVICE SCHEME (NSS)

NSS unit is an integral part of our college. Students participate in different activities like Adult Education Programme, Village Development, plantation, Cleanliness drive and other extension activities.

COMPUTER CENTRE

The college has a computer lab with nearly 23 numbers of computers where the students having computer as their subject can perform their practical works. Also some of the departments have computer facility in the departments.

INTERNET CONNECTIVITY

The internet facility has been extended to all teaching departments. Teachers and students are benefitted in retrieving necessary information by using the internet facility.

BOYS COMMON ROOM:

The boys spend their off periods in this room. They interact with each other to have wholesome entertainment. They can enjoy games like carom, chess etc. in this room.

GIRLS COMMON ROOM

The girls of the college spend their off periods in this room. There is an interactive environment where students can learn how to tackle problems by discussing and working together. The room has facilities for games such as carom, chess etc.

GAMES AND SPORTS

The college provides facilities for various games and sports. Athletics, Badminton, Cricket, Football, Chess, and Volleyball etc. are organised in the college. The Women Hostel has separate facilities for recreation which includes outdoor courts for Badminton and also facilities for indoor games like chess, carom etc.

AUDITORIUM

The college doesn't have a complete auditorium. The programmes are held in the under constructed auditorium with temporary arrangements.

GYMNASIUM

A gymnasium room has been set up attached to the Indoor Hall building. A Mini Gym has been recently installed in the gymnasium room to enhance physical fitness facilities.

CULTURAL ACTIVITIES

The students of the college participate in the cultural activities during college weeks, different occasions and inter-college competitions. For the holistic development of the students, college always encourages its students to participate in different cultural activities in and outside of the college.

STUDENTS UNION

The students union is named as B. P. Chaliha College Students Union (BPCCSU). All the students are the members of the union. The union office-bearers are elected every year as per provisions of the Union constitution fortified with Supreme Court guidelines. A student who wants to contest an election must be a REGULAR student having a minimum 75% attendance in classes. The office bearers are assisted by teacher-in charges.

COLLEGE WEEK

BPCCSU organises Annual College Week every year. The students participate in the events like Sports, Debate, Drama, Quiz, Dance, Music etc. during the college week. It gives a platform to all the students to showcase their talent.

COLLEGE MAGAZINE

BPCCSU publishes its Annual Magazine “Bimala Prasad Chaliha College Magazine” every year. It is renamed as “*BPCCIAN*” from this session. It helps to develop the creativity of the students. BPCCSU publishes a Wall Magazine every year. Wall magazines are also published by most of the departments as well.

PARK FOR WALK

The college has two big fisheries surrounded by a walking zone for the benefit of students, teachers and local people to stay healthy.

SEMINARS/WORKSHOP/TALKS

Seminars and workshops on various topics are held periodically from which students are benefitted to enrich their knowledge. The college has successfully organised National, State-level and Regional-level Seminars and Workshops.
