3. Name of event: NGO Collaborates with College for Flood Management and Awareness Programme

Date: 27-04-2023

Description: In a proactive move to address the recurring issue of floods in the region, the Amar Prayax Gosthi, in collaboration with the Extension Education Center of B.P. Chaliha College, organized a comprehensive flood management and awareness programme. The initiative aimed to educate local communities on preparedness measures and sustainable solutions to mitigate the impact of floods.

The event, held at B.P. Chaliha College premises, drew significant participation from students, faculty members, and members of nearby communities. Mr. Dipak Medhi, Assistant Deputy Controller, Civil Defence, Kamrup (M) the resource person, emphasized the urgency of proactive measures in tackling the perennial issue of floods in the region. He stressed the importance of community involvement and awareness in minimizing the loss of life and property during flood incidents.

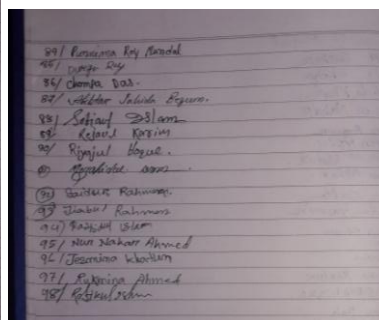

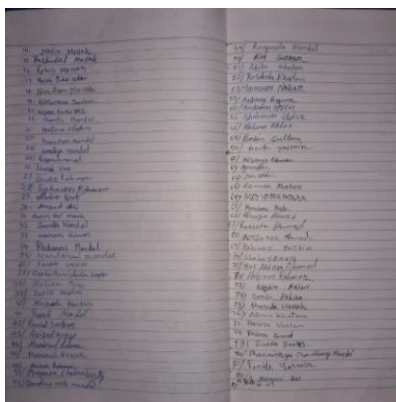

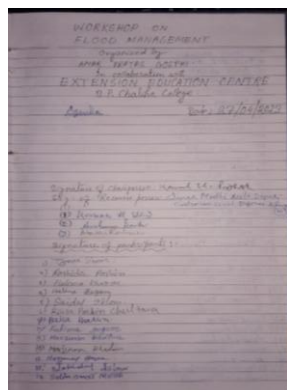

The programme featured a series of informative sessions and workshops conducted by experts in the field of disaster management and environmental conservation. Topics covered included early warning systems, evacuation procedures, first aid, and the importance of maintaining ecological balance to mitigate flood risks.

Additionally, practical demonstrations on the construction of temporary shelters, sandbagging techniques, and basic survival skills were provided to equip participants with essential knowledge in dealing with flood emergencies.

Anshuman Saikia, Convenor of Extension Education Center, expressed gratitude towards the collaborative effort and highlighted the significance of such initiatives in fostering resilience among vulnerable communities. He emphasized the role of educational institutions in driving social change and promoting sustainable practices.

Local residents hailed the initiative as a timely intervention, considering the region's susceptibility to annual floods. Many expressed their appreciation for the practical insights gained during the programme, which they believed would empower them to respond effectively to future flood events.

The flood management and awareness programme organized by Amar Prayax Gosthi in partnership with B.P. Chaliha College underscored the importance of community-driven initiatives in addressing environmental challenges. It served as a testament to the collective efforts towards building resilient communities capable of confronting the impacts of climate change.
