Dealing with internal examination-related grievances transparently, efficiently, and within a specific timeframe is crucial for maintaining trust and fairness within an educational institution. The Institute is trying its best to consider all these criteria related to grievances to ensure the internal examination-related grievances are addressed in a transparent, time-bound and efficient manner. Apart from the Grievance Redressal Cell there is a statutory examination board constituted by the Principal to deal with the process of internal assessment and the transparency is maintained to tackle the grievances if any by the students. Utmost care is taken as the internal assessment mark is added to the final mark sheet. Teachers evaluate the internal examination answer scripts and discuss the results with students.

Later on students verify their assessment and put signatures on their answer scripts. Grievances (if any) are personally supervised by Head of the Department and the problem is addressed immediately. Although the grievances received from the students in all the departments is nil. A copy of record of answer scripts are given below:
